FOR IMMEDIATE RELEASE:

**GILROY TOYOTA HITS FIVE YEAR MARK WITH
FREEDOM ONE RETIREMENT SERVICES**

Clarkston, MI, April 18, 2005 – Freedom One Retirement Services announces **Gilroy Toyota**, located in Gilroy, California, as a satisfied client since 1999.

Kathi Martarano, Business Manager, Gilroy Toyota explained: *“The service your team extends is outstanding, and I continually hear positive comments from our employees about your services. Freedom One’s educational process has proven to be highly effective. We find the semi-annual group and individual employee meetings invaluable in providing our employees the educational resources needed to make important retirement decisions. The size of our 401(k) plan is growing quickly due to the increased level of participation as well as increases in the average deferral percentage contributed by each employee, which we feel is a direct result of the one-on-one meetings.”*

Mark Wayne, Freedom One Retirement Services President & CEO stated: *“Our experience in providing successful retirement plans to over 200 auto dealers is significant because auto dealers like to do business with a 401(k) plan company that knows the intricacies of how a dealership operates and specializes in providing successful services to dealerships. Freedom One has become one of the country’s leading 401(k) plan providers by focusing on our core value of providing EXCELLENCE in every service we offer.”*
