Dear Mark,

Since we implemented our 401(k) plan in 1998, our relationship with the Freedom One team has been exceptional. My employees and I remain very satisfied with the overall performance of our Freedom One plan.

I recently asked my employees what they appreciate most about the Freedom 401(k) plan. Their number one response was the one-on-one attention provided to each and every eligible employee. Your process for educating and communicating with employees on an individual basis twice each year has made a tremendous impact on the success of our retirement plan. Participation continues to do extremely well, and our non-highly compensated employees average deferral percentage is 7.12%. This allows my highly compensated employees to maximize their 401(k) contribution year over year.

I also appreciate the proactive role your team takes when scheduling investment review meetings with me twice each year. Freedom One puts my mind at ease, and I feel very comfortable knowing your staff will work hard to keep my plan in compliance with the Department of Labor (DOL). This is an important value you add for me.

I look forward to continuing our relationship with Freedom One. If ever you need a reference, I'd be happy to answer questions that other business owners may have when evaluating 401(k) plan providers.

Sincerely,

  
Wesley Lutz
